

EyeDropAlarm is a free iPhone app that reminds you to put in your eye drops after eye surgery or for conditions like glaucoma, dry eyes, and allergies.

EyeDropAlarm

Download the app from www.eyedropalarm.com or scan the QR code below to go directly to the App Store

Features include:

- Quick setup. No login required.
- No need to type in the eye drop name, simply select it from the app's database.
- Automatically puts recommended gap between drops scheduled for same time of day.
- Alerts clearly indicate which eye and the bottle cap color.
- Option to taper drops.
